| Notes                                                                                                                                                       | R's time of birth was deducted from HH grid. If information on the month of birth / month at start of current activity status was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |       |                  |

| <b>Literal question</b>                               | When did the first/next period of part time work start?                                                                                                                                                                                                                                                                                                                       |
| <b>Notes</b>                                          | R's time of birth was deducted from HH grid. If information on the month of birth / month when started part time was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |

| # bn876_2AgeR: R's age at the start of part time (W2)                                                                                                       |                                                                                                                                                                                                                                                   |       |                   |
