| <b>Literal question</b>                     | Since what month and year are you a homemaker?                                                                                                                                                                                                                                                                                                                                |
| <b>Notes</b>                                | R's time of birth was deducted from HH grid. If information on the month of birth / month of becoming a homemaker was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December" |

| Notes                                                                                                                                                       | The duration was deducted from the time of interview (variables ayear and amonth). Values were rounded down to the duration in terms of whole years. For Australia, less than 2 years ago was taken as 1 year; 2-5 years was taken as 3 years; More than 5 years was taken as 5 years. |       |            |
