| <b>Notes</b>                                                                                                                                                       |                                             | R's time of birth was deducted from HH grid. If information on the month of birth / month of achieving the current education level was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way:<br>"Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December".               |            |

# **# a150AgeR: R's age of achieving the current education level**
