| Notes                                                                                                                                                       | R's time of birth was deducted from HH grid. If information on the month of birth / month when started to have support to get pregnant was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the following way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |       |                   |

| <b>Literal question</b>   | In what month and year did you last use or do anything to prevent pregnancy?                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Notes</b>              | Partner's time of birth was deducted from HH grid (co-resident partner) or Q 330 (non resident partner). If information on the month of birth / month at last use of anything to prevent pregnancy was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |

### # b866\_3: Net amount of payment type income 3 (W2)

**Literal question** What was the average net amount of this payment?  
For payment types 1 and 2: If you are working with an employer, please include also earnings from any overtime you normally did. Please give me the net-amount, that is, the take-home pay.

| Literal question                                       | Since what month and year is your partner/spouse a homemaker?                                                                                                                                                                                                                                                                                                                                                                               |       |            |
| Notes                                                  | Partner's time of birth was deducted from HH grid (co-resident partner) or Q 330 (non resident partner). If information on the month of birth / month of becoming a homemaker was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the following way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |       |            |
| Value                                                  | Label                                                                                                                                                                                                                                                                                                                                                                                                                                       | Cases | Percentage |
