| Notes                                                                                                                                                       | Co-resident Partner's time of birth was deducted from HH grid. Non Resident Partner's time of birth was deducted from the answer to Q 330. If information on the month of birth / month of starting permanent residence was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the followig way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |       |                               |

| <b>Universe</b>           | If code 1 on Q 545.a                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Literal question</b>   | In what month and year did that happen for the first time?                                                                                                                                                                                                                                                                                                                                             |
| <b>Notes</b>              | R's time of birth was deducted from HH grid. If information on the month of birth / month when first time living separately from parents was missing, a 6 (june) was used in the calculation. Values 21-25 for month values are converted in the following way: "Beginning of the Year" = "January-February"; "Spring" = "May"; "Summer" = "August"; "Autumn" = "October"; "End of Year" = "December". |
